Series Overview

An absolute must for junior professionals with 0 to 3 years' experience, including junior solicitors

The R3 Practical Introduction Series is highly sought after practical training for junior staff. Unique to the R3 programme of events, this series draws on the wealth of knowledge and experience of speakers from the profession, delivering interactive case studies in a workshop format. Delegates learn by application, following exercises and examples that can be directly applied to the most critical areas of day-to-day case administration. Engaging speakers will cover a variety of topics designed to provide your staff with a greater depth and understanding of the application of the Insolvency Act and Insolvency Rules 2016.

These courses are highly regarded by Practices who have previously sent their staff on the series.

Practicing IPs, solicitors and Barristers, and other professionals working in the industry will deliver a series of dynamic, practical training. Full day courses cover vital practical skills that junior professionals need to know on a day-to-day basis. Unique to the R3 programme of events, delegates will learn by application. Engaging, varied and experienced speakers will guide delegates through real life case studies and interactive exercises. Each day will provide context and a greater depth of understanding of how insolvency practices and processes can be applied in the work place.
