2019 Programme

The UK's leading provider in insolvency, restructuring and turnaround training

Welcome

R3 trains, develops and supports insolvency and restructuring professionals across the UK and beyond, drawing on the skills and knowledge of our network of expert speakers.

R3's work includes protecting and promoting the profession by ensuring its members have a direct influence on insolvency and restructuring legislation and regulation; and providing effective and practical technical guidance and support to members, government and other stakeholders.

We meet frequently with regulators, Government, HMRC and other key stakeholders, ensuring that we can bring you the latest insights and practical guidance on essential topics, and allowing you and your staff to remain up-to-date, compliant and ahead of the competition.

Whatever your training needs and level of experience, R3 has the right training for you. Breakfast Briefings, Half Day and One Day Courses are also categorised by topic, making it easier to find the right CPD accredited training to suit you.

Our programme offers excellent learning opportunities, delivered by qualified and experienced professionals working within the insolvency, restructuring and turnaround profession. The programme of events also provides abundant networking opportunities with fellow professionals.

R3's speakers are of exceptional quality. If you would like to share your knowledge to help develop others within the field, we would be delighted to hear from you. Similarly, if you have any suggestions or ideas on topics you would like featured, please email the Events Team at events@r3.org.uk.

Caroline Sumner
R3 Technical & Education Director

Conferences

R3's Conferences are aimed at all levels of experience from across the profession, examining key issues in depth and bringing the very best in thought leadership to our members. Conferences last between 1-3 days and provide outstanding networking opportunities and the chance to interact with experts and professionals from across the R3 network.

One Day and Half Day Courses

One Day and Half Day Courses offer high quality, structured professional development for insolvency, restructuring and turnaround professionals. Training ranges from beginner courses with our industry leading Practical Introduction to Insolvency Work Series, to advanced courses such as Asset Tracing, Fraud and Forensics and the Personal Insolvency Forum. If you don't have a whole day to spare out of your busy schedule, you can still get a minimum of 2.5 CPD hours at a half day course. Enjoy a networking breakfast at all courses and networking lunch at one day courses. Attendees also receive a copy of speaker presentations in a delegate pack.

Breakfast Briefings

R3's Breakfast Briefing series keeps you up-to-date with crucial hot topics in a way that fits around your day. Breakfast Briefings deliver legal and regulatory updates, from the same exceptional quality speakers you can expect at all of our courses, before your day has started. Remain ahead of the competition and meet fellow professionals from in and around your region during a networking breakfast.

Webinars

Webinars are an ideal way to keep on top of the ever changing world of insolvency and restructuring from the convenience of your desk. R3's webinars provide up to the minute technical, legal and regulatory updates and deliver a variety of other important topics to your desk.

Course Videos

R3 offers exceptionally high quality recordings of our most popular courses. Benefit from the presentations of knowledgeable and experienced speakers, receive a copy of the delegate pack and earn essential CPD points. Course videos are provided via a link that can be watched at a time and place to suit you.
