R3 – the UK’s insolvency and restructuring trade association

R3 is the trade association for the UK’s insolvency, restructuring, advisory, and turnaround professionals. The UK’s insolvency and restructuring profession rescues businesses and jobs, creates the confidence to trade and lend by returning money fairly to creditors after insolvencies, investigates and disrupts fraud, and helps indebted individuals get back on their feet. R3 is there to give the UK profession a voice, support its development, and help it share its experiences.

Education, Training and Networking

R3 delivers an unrivalled year-round educational programme, offering members of all levels of experience and ability, working in firms of all sizes, the chance to hear how to put the latest regulatory and legislative developments into practice. We offer unique networking and training opportunities to all in the profession nationwide.

In addition to its core programme, R3 ensures smaller practices have access to training specifically tailored to their needs, including the annual Smaller Practices Group Forum and Technical Reviews.

Public Affairs, Press and Policy Work

R3 raises awareness of the key issues facing the UK insolvency and restructuring profession and framework among the public, government, policymakers, media, and the wider business community. This work includes highlighting both policy issues for the profession and challenges facing business and personal finances. We ensure the profession’s voice is heard and that legislation and regulation allow the profession to get on with its work.

R3 achieved key changes to the 2015 Small Business, Enterprise and Employment Act and the 2013 Enterprise Act, benefitting creditors, indebted individuals, our profession, and the economy as a whole. In 2016 and 2017, R3 has worked closely with the government on its proposed corporate insolvency reforms.

Technical Support

R3 members receive unparalleled access to the most up-to-date technical resources through a dedicated online technical library, regular briefings, technical updates, guides and events.

Smaller Practices Group

R3 offers dedicated support for members in smaller practices through our Smaller Practices Group (SPG). Support includes providing tailored guidance and tips on issues facing smaller practices and ensuring smaller practice concerns are addressed by R3’s press, public affairs, and technical work.

SPG also hosts educational courses specifically aimed at smaller practices, including an annual forum, which gives members the opportunity to network and learn about upcoming changes in the profession relevant to their practices.

Get Involved

R3’s members play an important part in the running of R3. There are opportunities to get involved in our policy, technical, membership, education committees, our Smaller Practices Group, and our regional committees.
